About Elevated Resources Managed Services

We optimize our clients' Talent Acquisition and Management strategies. Through our MSP solutions, we help organizations effectively manage their external workforce on our proprietary SaaS Supplier Collaboration platform, ELEVATE. A client's external workforce can account for one-third of their talent. We understand the challenges that our clients face – from unpredictable change and unrelenting competition, to the seismic shifts in workforce demographics and work style preferences – and we convert those challenges into a competitive advantage that positively impacts their bottom line. By applying workforce insights and a customized architecture, we focus on enabling our clients to reach their strategic goals.

Workforce Solutions Include:

- Contingent Labor Management
- Statement of Work Management
- Independent Contractor (IC) Solutions
