Elevated Resources [ER] is a leading provider of end-to-end business process outsourcing, including ELEVATE, a SaaS-based Talent Acquisition and Management System for organizations to manage their professional services contracts, hourly employees and suppliers. Drawing on over 25 years of human capital management experience, ER develops and implements customized workforce solutions that deliver streamlined, transparent processes and measurable savings across the fulfillment, management, analysis and optimization of a company's contingent workforce and talent acquisition.

Solutions Include

- ELEVATE Talent Pool Management Platform
- Contingent Labor Management
- Statement of Work Management
- Independent Contractor (IC) Solutions
- Professional Payroll Services
- Talent Pool Management

We Provide Measurable Outcomes

Our solutions create efficiencies and provide pertinent business information to make the best possible decisions. With the ER suite of services, we enable organizations with the ability to identify significant hard and soft dollar cost savings and mitigate risk associated with talent management. We also offer measurable research substantiating the latest trends in this evolving space which in turn can improve the overall quality and value of the workforce.

Elevated Resources provides these benefits:

- Streamlining processes to create efficiencies, improve worker quality and reduce cycle time
- Providing best-in-class workflow automation tools
- Enabling responsible supplier management services to improve vendor performance
- Implementing cost-management practices to reduce operations costs
- Driving solution implementation, training and change management services
- Delivering industry leading, robust reporting capabilities which enable customers to track and monitor contingent staffing expenditures
- Developing policy implementation to manage operational, financial and legal risks
- Providing oversight and auditing to ensure contract, policy and program compliance

ELEVATE

About the ELEVATE Platform

Elevated Resources' ELEVATE software is the first integrated demand planning and supply chain execution platform for managing talent requirements.

ELEVATE is used by Global 1000 customers, including one of the largest aerospace and defense companies in the world to manage talent pool forecasting and assignments for an unlimited number of employees and contract workers. Elevated Resources connects organizations' demands for talent in the form of sales opportunities, programs and projects with supply chains and talent pools including: internal resources, new hires, contractors and crowd-sourcing.

Elevated Resources provides measureable solutions for common workforce issues:

- Inefficient and non-standard indirect talent processes and procedures
- Lack of compliance or controls over contingent workforce management
- Inability of management to accurately track workforce resources
- Missed savings opportunities through:
 - Lack of competition
 - Insufficient market research and benchmarking
 - Unknown industry best practices
- Invoice consolidation
- Supplier or workforce performance and quality issues
- Co-employment and worker misclassification risk concerns
